All of The Dolls in this catalog have been sculpted and designed by Award Winning NIADA artist and former fashion designer, Robert Tonner. Robert's dolls feature hand painted eyes and are either full body porcelain or full body vinyl. Fabrics are carefully chosen and clothing painstakingly designed with the result that each Robert Tonner doll has a true fashion sense that sets them apart from other collectible dolls. The dolls are all hand assembled in a turn-of-the-century shirt factory in Kingston, New York, and are sold only in limited editions.

THE ROBERT TONNER DOLL COMPANY
